

LawEd breaks down complex legal terminology and fear to help today's teenager, young adult and adult learner equip themselves with essential knowledge and life skills around the fascinating world of law.

LawEd is a multi-award winning company that strives towards bringing the world of law into the classroom

Law is for everyone to understand and work with, not just lawyers.

“  
“I found the lecture on family law fantastic”  
“I would love to attend any other lecture Kate does in this area”  
“Very useful information for landlords and tenants”  
“I am far more aware of my rights as a consumer and would have no hesitation in carrying them out”  
“Sales and your rights was so informative as I never knew where I stood with sale items”  
“All sessions were very beneficial especially wills and land registry”  
“Finally know how to read my folio and file plan”  
“Never knew what the small claims court did she delivered this information fantastically”  
”

Glenroe Women's Group

# LawEd

Providing legal literacy to all.

Onsite, virtual & eLearning legal education hub for students in Further Education

# About LawEd

LawEd is an educational hub that educates our youths on how law impacts their daily lives. We provide onsite, virtual and eLearning law workshops and courses.

With over 11 years' exemplary experience as an educator of the law, we have fine-tuned our programmes to deliver best-in-class experiences for young adults.

As a nation, it is our role to bring about equality, positive change and empowerment to our communities and we believe that education is the best way to achieve this.

## What We Do

LawEd presents real life examples to illustrate how the law works.

We also advise and encourage a blended learning approach of adding one of our eLearning courses – 21st century, self-directed learning using cross platform devices.

Our eLearning courses deliver content in which the student engages with the material through animation, videos, graphics, visuals, scenarios, activation questions and quizzes.

## Our Services

Our online course and workshops will give the learner skills and confidence to participate fully in society and progress with a brighter future, educated in legal literacy.

We instil in every young person that ignorance of the law is no excuse! Everyone needs to know the law not just lawyers is LawEd's motto and we are an award-winning educational hub, breaking down legal terminology, misconceptions around the law and making it applicable and interesting to teenagers/young adults lives today.

We cater for individual group sizes and can also accommodate larger groups. We provide a 2 - hour workshop for those in Further Education

Our 2 - hour workshop which includes content such as:

- What is the law
- What does the law mean to today's young person?
- How it impacts their lives on a daily basis
- Legislation and constitutional changes around gender recognition and the LGBTQ community etc....
- Juveniles and the law
- Criminal Age of responsibility
- Getting a record underage
- Consequences of same on their future career prospects and life
- Underage drinking
- Facts and risks around our drug taking culture
- Sending Explicit images and the consequences
- Pornography
- Age of consent for sex
- Discussion around what is consent and when can it be given?
- Sexual offences defined and discussed
- What is homicide?
- Self-defence and hate crimes
- Civil law
- Driving laws
- The sentencing procedures in Ireland for both juveniles and adults
- Detention schools
- Prison life

Adult Education & PrisonEd:

LawEd undertakes in taking the law further connecting our communities by both educational and training methods.

Community Education is a process of personal and community development, transformation, empowerment, social change and collective responsiveness. It is grounded on principles of justice, equality and inclusiveness.

This course strives to show that the law provides for and regulates so many things that it is often taken for granted such as, the houses we live in, the transport we use to more substantial matters such as the protection of the family, succession and consumer rights.

Through our teachings and holistic approach, we strive to build a Community Education programme will engages participants in the development of our legal systems by creating a social teaching and learning process.

## Pricing

Our prices are available on request

To inquire, please contact Kate at 086 8144369 or email [info@lawed.ie](mailto:info@lawed.ie)

All the above courses are delivered in a very interactive, teenager centred friendly manner. With so much misinformation out there especially across social media channels we are a respected and trusted resource enhancing legal literacy, life skills and social education.

We believe through debate and open conversation students will gain a fuller understanding of the personal implications of their actions and behaviours as well as their rights.

Young people understanding and engaging with the law is our core objective.

Spaces are limited! We would love to hear from you and discuss more, get in contact.
